# EXHAUST MANIFOLD for VQ35DE/HR ver.2

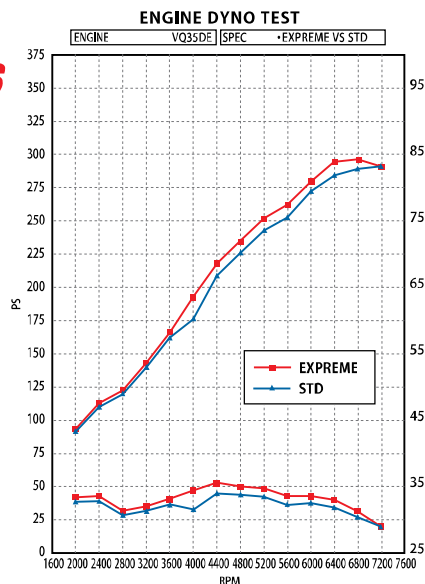

**Compatible  
with HR**

## The Exhilarating NA Feeling in HR Equipped Vehicles

That vivid NA feeling that was pursued in Ver.1. "Smooth acceleration response", "Linear engine feel" and that "Intoxicating sound". All of these aspects have been improved. The Ver.2 type also delivers more power gains. To realize this concept, we had the prototype fitted on our competition vehicle that was competing in Z Master Race in Japan. With actual real world testing in a racing environment, and countless hours of engine bench testing. The design was improved and perfected. So here is the latest NA sport exhaust evolution from TOMEI.
